TRANSPORT

There is a remarkable number and variety of facilities, clubs and other organisations in and around Ross, especially within a radius of 6 miles or so. However, for some, they are difficult or impossible to use because they can only be reached by car. If that problem could be solved, many of the individual topics raised during the Planning for Real would be resolved. Bearing that in mind, what is your opinion of the following?

53. Please tick only one in each row

AFFORDABLE HOUSING

"Affordable Homes" are defined in Supplementary Planning Guidance, but broadly those for sale would be about 3 1/2 times median earnings, after deposit. In Herefordshire, median earnings are about £20,000 and so an affordable home is one priced at about £80,000, assuming a £10,000 deposit. Clearly, an affordable home requires special action and the favoured approach is to require about 1/3 of any housing development to be affordable. In 2003, Herefordshire Council identified that 190 affordable homes should be built in Ross by May 2008. Delays have meant that far fewer have been built. A major cause of delay is the difficulty in identifying suitable land.
